MEMORANDUM FOR THE FILE

E-X-T-R-A-C-T

STATINTL "4. I attended an Executive Officers Group luncheon at the Occidental Restaurant at which [REDACTED] spoke briefly and Seymour Berlin, the Commission's Director of Executive Manpower, gave a rather detailed presentation on their ideas for handling senior executive assignments. This system will require legislation and will, I presume, be given full publicity in due course. I had an informal, aside conversation with [REDACTED] who was highly complimentary of our recruitment brochure, which he read just recently."
